

2015 CVC San Diego Audio Recordings

Extend your educational experience from
the convention and share the valuable content from
CVC Audio Recordings with your team!

ANESTHESIA SD1501

1. Current fluid therapy topics and recommendations during anesthetic procedures *Dr. A. Claude*
2. Anesthetic ventilators and ventilation techniques *Dr. A. Claude*
3. Acute pain management: Local and regional anesthesia *Dr. A. Claude*
4. Acute pain management: Pharmaceutical options *Dr. A. Claude*
5. Pain medication: A win-win situation for patients, clients, and you *Dr. A. Claude and Dr. K. Felsted*
6. Analgesic considerations in cats *Dr. A. Claude*
7. Anesthesia for neonatal, pediatric, and geriatric dogs and cats *Dr. A. Claude*
8. Postanesthetic care of small animal patients *Dr. A. Claude*

\$69.95

AVIAN/BACKYARD POULTRY MEDICINE SD1502

1. Avian emergency coming in? An overview of common presentations *Dr. C. Greenacre*
2. Avian euthanasia: Incorporating compassion and the new AVMA guidelines *Dr. C. Greenacre*
3. It's black and white: Taking and interpreting avian radiographs *Dr. C. Greenacre*
4. Backyard poultry are coming in for an appointment! General care and husbandry *Dr. C. Greenacre*
5. Good layer gone wrong: Backyard hens with reproductive diseases *Dr. C. Greenacre*
6. Rales? Snicking? Diagnosing and treating respiratory diseases of backyard poultry *Dr. C. Greenacre*
7. Poop in the coop: What it tells you about backyard chicken parasites *Dr. R. Gerhold*

\$69.95

BEHAVIOR SD1503

1. Asking the right questions: Taking a behavior history *Dr. J. Berger*
2. Feline dictionary: Understanding feline body language *Dr. J. Berger*
3. How I treat about everything: Behavior treatment plan *Dr. J. Berger*
4. Rambunctious, jumpy, mouthy dogs: The quick fix for RJM dogs *Dr. J. Berger*
5. Dealing with the shelter CAT-astrophe: Behavior problems of shelter cats *Dr. J. Berger*
6. What to do about shelter cats with inappropriate urination *Dr. J. Berger*
7. Separation-related behavior problems in dogs: What happens when dogs miss us when we're gone *Dr. J. Berger*
8. Science, non-science, and nonsense in dog training: Why should a veterinarian care? *Dr. J. Berger*
9. Dog aggression: Assessing the risk (Part 1) *Dr. M. Godbout*
10. Dog aggression: Assessing the risk (Part 2) *Dr. M. Godbout*
11. Cat fight: Diagnosis and treatment *Dr. M. Godbout*
12. Detecting puppy behavior problems at the clinic *Dr. M. Godbout*
13. Detecting kitten behavior problems at the clinic *Dr. M. Godbout*
14. It's all about personality! Meeting the needs of cats *Dr. M. Godbout*
15. Recognizing and managing "special edition" dogs (Part 1) *Dr. M. Godbout*
16. Recognizing and managing "special edition" dogs (Part 2) *Dr. M. Godbout*
17. Recognizing and managing "special edition" dogs (Part 3) *Dr. M. Godbout*
18. The down-low on going slow: How low-stress patient handling benefits everyone *Dr. J. Berger, Dr. K. Felsted, and M. Spooner, LVT, VTS (Behavior), BS, KPA-CTP*

\$79.95

CANINE SPORTS MEDICINE SD1504

1. Cruciate rupture: What should I recommend? *Dr. W. Gordon-Evans*
2. Nonsurgical cranial cruciate ligament rupture management *Dr. W. Gordon-Evans*
3. Soft tissue injuries: It's not just about rest *Dr. W. Gordon-Evans*
4. Orthopedic exam tips and tricks *Dr. W. Gordon-Evans*
5. Splints and casts: Pros and cons *Dr. W. Gordon-Evans*
6. Minimizing everyday chaos and clinical complications in your practice *Dr. W. Gordon-Evans*

\$69.95

CARDIOLOGY SD1505

1. Radiographic review of cardiovascular disease *Dr. B. Bulmer*
2. Wrapping your head around the pericardium: Pericardial disease review *Dr. B. Bulmer*
3. Reacquainting yourself with the ECG and treatment of arrhythmias *Dr. B. Bulmer*
4. A unified perspective on managing congestive heart disease *Dr. B. Bulmer*
5. Dilated cardiomyopathy: Boxers and doxies, oh my! *Dr. B. Bulmer*
6. Comprehending common congenital cardiac disorders: Examination findings, diagnostics, and treatment *Dr. B. Bulmer*

\$69.95

CLINICAL PATHOLOGY SD1506

1. Dogmas of clinical pathology: Adjusted calcium, modified transudates, acidemias of acidosis, and more *Dr. S. Stockham*
2. Rights and wrongs of acid-base — let's get it right *Dr. S. Stockham*
3. How (and why) did that get there? Pathogenesis of cavitory effusions *Dr. S. Stockham*
4. What analysis of cavitory effusions can tell you: A case discussion (Part 1) *Dr. S. Stockham*
5. What analysis of cavitory effusions can tell you: A case discussion (Part 2) *Dr. S. Stockham*
6. Virtual microscopy of lumps and bumps (Part 1): Let's look at the cells *Dr. S. Stockham*
7. Virtual microscopy of lumps and bumps (Part 2): Let's look at more cells *Dr. S. Stockham*
8. Virtual microscopy of lymph nodes: Lymphoma or just reactive? *Dr. S. Stockham*

\$69.95

CLINICAL PHARMACOLOGY SD1507

1. Adverse drug reactions: A general introduction for clinicians *Dr. S. Lavergne*
2. Environmental toxicants and immune disorders *Dr. S. Lavergne*
3. Immunomodulatory therapy: Can clinicians play the immune system to their advantage? *Dr. S. Lavergne*
4. Drug interactions in the life of a clinician *Dr. S. Lavergne*
5. Antioxidant therapy *Dr. S. Lavergne*
6. Antibiotic stewardship: Antibiotic resistance crisis and veterinary medicine *Dr. S. Lavergne*

\$69.95

CRITICAL CARE SD1508

1. Respiratory complications of trauma *Dr. G. Pachtinger*
2. Emergency management of DKA *Dr. G. Pachtinger*
3. Emergency management of hepatic lipidosis *Dr. G. Pachtinger*
4. Emergency approach to the hemoabdomen *Dr. G. Pachtinger*
5. Practical fluid therapy: It's more than just water and salt *Dr. G. Pachtinger*

6. ER life-saving procedures *Dr. G. Pachtinger*
7. Emergency management of cardiac disease *Dr. G. Pachtinger*
8. ER tools: Techy and non-techy ways to assess your patient *Dr. G. Pachtinger*
9. Where there's smoke, there's fire: Emergency treatment of house-fire victims *Dr. A. Jutkowitz*
10. Reproductive emergencies *Dr. A. Jutkowitz*
11. Managing difficult urethral obstructions *Dr. A. Jutkowitz*
12. Diagnosing and treating pericardial effusion *Dr. A. Jutkowitz*
13. The Addisonian crisis *Dr. A. Jutkowitz*
14. Cardiopulmonary cerebral resuscitation: Current guidelines *Dr. A. Jutkowitz*
15. Clinical approach to anemia *Dr. A. Jutkowitz*
16. Immune-mediated hemolytic anemia: Current perspectives *Dr. A. Jutkowitz*
17. Hypercoagulation in canine IMHA *Dr. A. Jutkowitz*
18. Endocrine emergencies: When not to sugarcoat it *Dr. G. Pachtinger and Dr. J. Lee (online collaborator)*

\$79.95

DENTISTRY SD1509

1. Periodontal basics: What not to forget *Dr. H. Lobprise*
2. Advanced periodontal management for every clinic *Dr. H. Lobprise*
3. Dental emergencies: A misnomer? *Dr. H. Lobprise*
4. Oral tumors: The hidden challenge *Dr. H. Lobprise*
5. Intraoral radiography: Not just a fancy coat rack *Dr. H. Lobprise and Dr. K. Felsted*
6. Senior dental care: Never too old for good dental health *Dr. H. Lobprise*
7. Interactive oral radiograph reading session *Dr. H. Lobprise*
8. Extractions: Headaches or triumph? *Dr. H. Lobprise*
9. Dentistry: A team sport! Fumbles, penalties, or touchdowns? *Dr. H. Lobprise, B. Halow, LVT, CVPM, and V. Byard, CVT, VTS (Dentistry), CVI*
10. Is seven the new senior? Realities of senior care *Dr. H. Lobprise*
11. The simple tooth: Feline skull and tooth anatomy *Dr. C. Charlier*
12. Oral surgery to extract teeth in cats: Tips and techniques to avoid complications *Dr. C. Charlier*
13. Bad sound, bad word: Complications during tooth extractions *Dr. C. Charlier*
14. Shades of gray: Interpretation of feline dental radiographs *Dr. C. Charlier*

\$79.95

DERMATOLOGY SD1510

1. Diagnosing and managing cutaneous adverse food reactions *Dr. P. Bloom*
2. Autoimmune skin diseases *Dr. P. Bloom*
3. Update on diagnosing and treating *Malassezia* dermatitis and demodicosis in dogs *Dr. P. Bloom*
4. New drugs in veterinary dermatology *Dr. P. Bloom*
5. Diagnosing and managing non-pruritic alopecia in dogs *Dr. P. Bloom*
6. Dermatology disasters: What would you do? *Dr. P. Bloom*
7. Dermatology dilemmas: What would you do? *Dr. P. Bloom*
8. Dermatology difficulties: What would you do? *Dr. P. Bloom*
9. How taking a great history can make you a great dermatologist *Dr. R. Ghubash*
10. Cutaneous manifestations of internal diseases *Dr. R. Ghubash*
11. Dermatophytosis: Dealing with Typhoid Mary *Dr. R. Ghubash*
12. What to do with those challenging dermatology cases *Dr. R. Ghubash*
13. Toes to nose: Approach to diseases of the footpads and nasal planum *Dr. R. Ghubash*
14. Approach to the pruritic cat *Dr. R. Ghubash*
15. Approach to the pruritic dog *Dr. R. Ghubash*
16. Otitis: The complete diagnosis *Dr. C. Griffin*
17. Otitis: The first step in treatment *Dr. C. Griffin*
18. Otitis: Tips you can use *Dr. C. Griffin*

Listen and review at your leisure, share them with your staff, and add them to your reference library.
Audio recordings of most sessions are available.

- Ears: What you need to know *Dr. C. Griffin*
- Food allergy: When to suspect it *Dr. C. Griffin*
- Diet trials: Getting success *Dr. C. Griffin*
- Pruritus: What's new? *Dr. C. Griffin*
- Pododermatitis: Another perspective *Dr. C. Griffin*
- Pyoderma: How complex is it? *Dr. C. Griffin*

\$79.95

ENDOCRINOLOGY SD1511

- Diabetes mellitus in dogs: Acute care and long-term management and helping clients pay for it *Dr. D. Bruyette and Dr. K. Felsted*
- The sometimes tricky art of diagnosing hyperadrenocorticism in dogs *Dr. D. Bruyette*
- Exploring treatment options for canine hyperadrenocorticism *Dr. D. Bruyette*
- How I treat diabetes in cats *Dr. D. Bruyette*
- Insulin-resistant diabetes: What to do when insulin therapy stops working *Dr. D. Bruyette*
- A foolproof method for managing hypothyroidism in dogs *Dr. D. Bruyette*
- Feline hyperthyroidism: Management and options for treatment *Dr. D. Bruyette*
- Getting to the bottom of polyuria and polydipsia *Dr. D. Bruyette*
- Endocrine emergencies: When not to sugarcoat it *Dr. G. Pachtinger and Dr. J. Lee (online collaborator)*
- Hormones from hell: So you thought Cushing's was easy?! *Dr. D. Bruyette and Dr. E. Behrend (online collaborator)*

\$69.95

EXOTIC ANIMAL MEDICINE SD1512

- Drink up! Fluid therapy considerations for exotic pets *Dr. M. Mitchell*
- Anesthetic considerations for exotic pets: It's about more than just passing gas *Dr. M. Mitchell*
- Infectious and parasitic diseases of captive reptiles: What is lurking under those scales *Dr. M. Mitchell*
- Opening up Pandora's shell: Medical and surgical considerations for chelonians *Dr. M. Mitchell*
- Understanding the bowel wrapped in fur: Gastrointestinal diseases of rabbits and rodents *Dr. M. Mitchell*
- Ornamental Fish 101: Managing pet fish without getting all wet *Dr. M. Mitchell*
- Diagnostic imaging in reptiles: Am I supposed to see that? *Dr. M. Mitchell*
- Burned! Ultraviolet B radiation for exotic pets: The good, the bad, and the photokeratitis *Dr. M. Mitchell*
- Ring the bell, dinner's served: Nutritional considerations for captive reptiles *Dr. M. Mitchell*

\$69.95

EXPERT?: THE POWER OF INTERACTION SD1513

- Dermatology disasters: What would you do? *Dr. P. Bloom*
- Dermatology dilemmas: What would you do? *Dr. P. Bloom*
- Dermatology difficulties: What would you do? *Dr. P. Bloom*
- Virtual microscopy of lumps and bumps (Part 1): Let's look at the cells *Dr. S. Stockham*
- Virtual microscopy of lumps and bumps (Part 2): Let's look at more cells *Dr. S. Stockham*
- Virtual microscopy of lymph nodes: Lymphoma or just reactive? *Dr. S. Stockham*

\$89.95

FEAR-FREE PRACTICE SD1514

- Fear-Free tools to transform patient interactions, boost visits, and enhance your practice *Dr. M. Becker*
- The science of fear in animals: It's real. It's damaging. It's our responsibility *Dr. R. LeCouteur*
- Fear-Free techniques: Clinical behavioral evidence that they work *Dr. L. Radosta*
- Modern love – Making pets happy at the veterinary hospital *Dr. J. Bloom*

\$89.95

FELINE MEDICINE SD1515

- Feline urinalysis update *Dr. D. Chew*
- Diagnosing and treating urinary tract infections in cats *Dr. D. Chew*
- Managing cats with idiopathic/interstitial cystitis (Part 1) *Dr. D. Chew*
- Managing cats with idiopathic/interstitial cystitis (Part 2) *Dr. D. Chew*

- Updates on managing male cats with urethral obstruction *Dr. D. Chew*
- Diagnosing, managing, and preventing acute kidney disease in cats *Dr. D. Chew*
- Special aspects of diagnosing and managing chronic kidney disease in cats *Dr. D. Chew*
- Treating idiopathic hypercalcemia in cats: Case studies — diet or drugs? *Dr. D. Chew*
- The simple tooth: Feline skull and tooth anatomy *Dr. C. Charlier*
- Oral surgery to extract teeth in cats: Tips and techniques to avoid complications *Dr. C. Charlier*
- Bad sound, bad word: Complications during tooth extractions *Dr. C. Charlier*
- Shades of gray: Interpretation of feline dental radiographs *Dr. C. Charlier*
- Feline oral tumors: Diagnosis and treatment *Dr. C. Charlier*
- Feline gingivostomatitis: What we know and how we treat it *Dr. C. Charlier*
- Navigate bumps in the road: Steps to create a thriving Cat Friendly Practice *Dr. E. Colleran*
- Communications boot camp: See more cats! *Dr. E. Colleran*
- Old, thin cats: Is it really just old age? *Dr. E. Colleran*
- Complicated senior cats: Managing multiple conditions in one patient *Dr. E. Colleran*
- Death and dying: The blessing and curse of euthanasia *Dr. E. Colleran*
- Fat cats: New therapy and dietary management *Dr. E. Colleran*
- Pandora syndrome: Not just the bladder anymore *Dr. E. Colleran*
- The kidneys and the parathyroid: A tale of substance and longevity *Dr. E. Colleran*
- Acute and chronic pancreatitis: What do we do? *Dr. E. Colleran*
- Catering to cats: Medicine, management, and money *Dr. E. Colleran, Dr. R. MacPete, and H. Prendergast, RVT, CVPM*

\$89.95

GASTROINTESTINAL MEDICINE SD1516

- The "GI Panel": Use, abuse, and interpretation *Dr. C. Ruaux*
- IBD, FRD, SIBO, ... WTH? Rational management of chronic GI disease *Dr. C. Ruaux*
- Diagnosing and managing pancreatitis in the era of PLI *Dr. C. Ruaux*
- Protein-losing enteropathies: The black diamond cases *Dr. C. Ruaux*
- Blastocystis*: A new pathogen, or just a 'thing'? *Dr. C. Ruaux*
- Exocrine pancreatic insufficiency: An old friend with some new tricks *Dr. C. Ruaux*
- Let's just monitor it: The pitfalls and problems with serial serum chemistries *Dr. C. Ruaux*
- GI endoscopy in cats: What can we learn? *Dr. M. Leib*
- Acute pancreatitis in dogs: An update *Dr. M. Leib*
- Therapy of GI diseases: What's new with antiemetics, antacids, and probiotics *Dr. M. Leib*
- Chronic vomiting in dogs and cats: The roles of ultrasonography in diagnosis and *Helicobacter* in treatment (Part 1) *Dr. M. Leib*
- Chronic vomiting in dogs and cats: The roles of ultrasonography in diagnosis and *Helicobacter* in treatment (Part 2) *Dr. M. Leib*
- Icterus in dogs and cats: A practical diagnostic approach *Dr. M. Leib*
- Giardia* and *Tritrichomonas foetus*: An update *Dr. M. Leib*
- GI grab bag: Cool stuff not covered elsewhere *Dr. M. Leib*
- Dietary management of diarrhea *Dr. M. Leib*
- Chronic diarrhea in dogs and cats: A practical diagnostic approach *Dr. M. Leib*

\$79.95

IMAGING SD1517

- Urogenital imaging: Can I do a contrast procedure in practice? *Dr. A. Pease*
- Ultrasound cases: What can I really see with some practice and how to communicate value with pet owners *Dr. A. Pease and Dr. K. Felsted*
- Aggressive vs. non-aggressive bone lesions *Dr. A. Pease*
- Radiographic assessment of developmental bone disorders *Dr. A. Pease*
- Exploring the pleura and mediastinum *Dr. A. Pease*
- Thoracic radiography cases: Real world examples that make you think *Dr. A. Pease*
- Musculoskeletal radiography: When is a fracture a tumor? *Dr. A. Pease*
- Radiography's role in the acute abdomen case *Dr. A. Pease*

\$69.95

IN THIS CASE: REAL DISCUSSIONS, REAL RESULTS SD1518

- Endocrine emergencies: When not to sugarcoat it *Dr. G. Pachtinger and Dr. J. Lee (online collaborator)*
- Hormones from hell: So you thought Cushing's was easy?! *Dr. D. Bruyette and Dr. E. Behrend (online collaborator)*
- HR Rounds: How to tell colleagues what you really think without someone quitting or getting fired *B. Halow, LVT, CVPM and online collaborators*

\$89.95

LEARN THEN EARN SD1519

- Diabetes mellitus in dogs: Acute care and long-term management and helping clients pay for it *Dr. D. Bruyette and Dr. K. Felsted*
- Ultrasound cases: What can I really see with some practice and how to communicate value with pet owners *Dr. A. Pease and Dr. K. Felsted*
- Laser use in physical rehabilitation and adding it to your practice *Dr. J. Wardlaw and Dr. K. Felsted*
- Intraoral radiography: Not just a fancy coat rack *Dr. H. Lobprise and Dr. K. Felsted*
- Pain medication: A win-win situation for patients, clients, and you *Dr. A. Claude and Dr. K. Felsted*

\$89.95

NEUROLOGY SD1520

- Upper vs. lower motor neuron: Never miss again after this video case presentation *Dr. W. Bush*
- Central vs. peripheral vestibular disease: A matter of life or death *Dr. W. Bush*
- Common and deadly: Recognizing and treating inflammatory disease of the brain, spinal cord, and meninges *Dr. W. Bush*
- Nonconvulsive seizures: Clandestine, common, and important *Dr. W. Bush*
- Idiopathic vs. structural epilepsy: Clinical guidelines for making this vital distinction *Dr. W. Bush*
- When and how to treat acute and chronic seizures, optimizing new-generation antiepileptics *Dr. W. Bush*
- Why dog is man's best friend: Exciting results of neurologic clinical trials *Dr. W. Bush*
- Uch! Recognizing and treating neck or back pain *Dr. W. Bush*
- Diagnosing and treating the five disk diseases: Why is MRI so important? *Dr. W. Bush*

\$69.95

NUTRITION SD1521

- Feeding the food-allergic patient successfully *Dr. S. Delaney*
- Be the biggest winner with weight loss *Dr. S. Delaney*
- So many foods, so little time, money, and space — help! *Dr. S. Delaney*
- What I have learned from 20,000+ therapeutic homemade diets *Dr. S. Delaney*
- When dietary fat is just too much *Dr. S. Delaney*
- Urolithiasis: Is nutritional management written in stone? *Dr. S. Delaney*
- The skinny on fat: Obesity *Dr. J. Bartges*

\$69.95

ONCOLOGY SD1522

- Nuts and bolts of canine osteosarcoma *Dr. T. Fan and Dr. K. Wycislo*
- Canine lymphoma: What's on the horizon *Dr. T. Fan and Dr. K. Wycislo*
- Canine hemangiosarcoma: Rational future targets *Dr. T. Fan and Dr. K. Wycislo*
- Transitional cell and prostate carcinomas: Best therapeutic options *Dr. T. Fan and Dr. K. Wycislo*
- Plasma cell tumors: The interesting cancer *Dr. T. Fan and Dr. K. Wycislo*
- Nasal tumors: Differentials and treatment options *Dr. T. Fan and Dr. K. Wycislo*
- Mast cell tumors: The good, the bad, and the ugly *Dr. T. Fan and Dr. K. Wycislo*

\$69.95

OPHTHALMOLOGY SD1523

1. Glaucoma: Initial diagnosis and medical management
Dr. R. Sturgeon
2. Glaucoma: Surgeries of comfort and vision preservation
Dr. R. Sturgeon
3. How to approach the squinty cat *Dr. R. Sturgeon*
4. Ophthalmic examination *Dr. R. Merideth*
5. Corneal disease (Part 1) *Dr. R. Merideth*
6. Corneal disease (Part 2) *Dr. R. Merideth*
7. Ocular emergencies *Dr. E. Moeller*
8. Funduscopic exam *Dr. E. Moeller*
9. Anterior uveitis *Dr. E. Moeller*

\$69.95**ORTHOPEDICS SD1524**

1. Evidence-based approach to cranial cruciate repair surgery *Dr. J. Wardlaw*
2. Surgical options for repairing luxating patellas *Dr. J. Wardlaw*
3. Laser use in physical rehabilitation and adding it to your practice *Dr. J. Wardlaw and Dr. K. Felsted*
4. Managing hip dysplasia in young dogs *Dr. J. Wardlaw*
5. Managing hip dysplasia in old dogs *Dr. J. Wardlaw*
6. Cats get arthritis too *Dr. J. Wardlaw*
7. Bad hips and bad knees: Now what? *Dr. J. Wardlaw*
8. Developmental orthopedic diseases *Dr. J. Wardlaw*

\$69.95**PAIN MANAGEMENT SD150125**

1. Osteoarthritis in dogs and cats: Why it is so important to know what's going on in there *Dr. J. Huntingford*
2. Managing the pain of osteoarthritis in dogs and cats
Dr. J. Huntingford
3. Nonpharmaceutical treatment of osteoarthritis: Rehabilitation, acupuncture, and more *Dr. J. Huntingford*
4. Emerging modalities in the treatment of pain
Dr. J. Huntingford
5. Pain in cats: An integrative approach *Dr. J. Huntingford*
6. Myofascial pain: What's all the buzz? *Dr. J. Huntingford*

\$69.95**PARASITOLOGY SD1526**

1. Poop in the coop: What it tells you about backyard chicken parasites *Dr. R. Gerhold*
2. Worm in the brain: Update on meningeal worm infection in goats, sheep, and camelids *Dr. R. Gerhold*
3. How to identify and treat *Toxoplasma*, *Isospora*, and other coccidial infections *Dr. R. Gerhold*
4. Ticks and the diseases they cause in pets — ehrlichiosis, anaplasmosis, cytauxzoonosis, and more *Dr. R. Gerhold*
5. Ticks and the diseases they cause in pets and people: Lyme borreliosis, tick paralysis, and Rocky Mountain spotted fever *Dr. R. Gerhold*
6. Non-tick-borne diseases: Avian and swine influenza, bartonellosis, leptospirosis, rabies, and more *Dr. R. Gerhold*

\$69.95**SHELTER MEDICINE SD1527**

1. Planning an outbreak response: Fun with policies and protocols *Dr. J. O'Quin*
2. Canine influenza virus: How to fight the flu *Dr. J. O'Quin*
3. Humane euthanasia: Reducing shelter animal stress
Dr. J. O'Quin
4. Animal hoarding is hazardous to all: How to keep your staff safe *Dr. J. O'Quin*
5. Investigating nonaccidental trauma *Dr. J. O'Quin*
6. Health risks for shelter workers: Caring for the caregivers *Dr. J. O'Quin*

\$69.95**SOFT TISSUE SURGERY SD1528**

1. Introduction to laparoscopy: Achieving big things through small holes *Dr. P. Mayhew*
2. Ear surgery: Pick the right technique and avoid complications *Dr. P. Mayhew*
3. Gallbladder mucoceles: The kiwi inside *Dr. P. Mayhew*
4. Thyroid and parathyroid surgeries *Dr. P. Mayhew*
5. Gastric dilatation and volvulus *Dr. P. Mayhew*
6. Rectal tumors: The good, the bad, and the ugly *Dr. P. Mayhew*
7. Hernias of the diaphragm: Traumatic, pericardioperitoneal, and hiatal *Dr. P. Mayhew*
8. Hemostasis and electrosurgery: When to use what where *Dr. P. Mayhew*

\$69.95**TOXICOLOGY SD1529**

1. Managing the mystery poisoning patient *Dr. T. Wismer*
2. Mood-altering drugs and serotonin syndrome *Dr. T. Wismer*
3. Hot topics in clinical toxicology *Dr. T. Wismer*
4. New antidotal therapies *Dr. T. Wismer*
5. Toxicology of herbal medications *Dr. T. Wismer*
6. Managing toxicosis in exotic species *Dr. T. Wismer*

\$69.95**UROLOGY SD1530**

1. Urine pain: UTI *Dr. J. Bartges*
2. Urine agony: Urolithiasis *Dr. J. Bartges*
3. Urine a mess: Micturition disorders *Dr. J. Bartges*
4. Urine a losing situation: Proteinuria *Dr. J. Bartges*
5. Getting the most out of liquid gold: Urinalysis *Dr. J. Bartges*
6. Urine a quandary: Feline idiopathic cystitis *Dr. J. Bartges*

\$69.95**WOMEN'S VETERINARY LEADERSHIP SD1531**

1. Minion or overlord? Choose your own adventure *Dr. K. Bradley and Dr. S. Wooten*
2. Women as bitches leaders: The struggle is real *Dr. S. Wooten and Dr. K. Bradley*
3. The great fake out: Imposter syndrome in veterinary medicine *Dr. K. Bradley and Dr. S. Wooten*

\$79.95**YOUR PRACTICE PRESENCE: GET ONLINE AND GO OFF THE CHART SD1532**

1. What's new in 2016 for social media *E. Garcia*
2. Fast, easy, fun digital marketing in real veterinary practices *E. Garcia*
3. Yelling at Yelp! How to manage your online reputation *E. Garcia*

\$79.95**EVENING SESSIONS SD1533**

1. Is seven the new senior? Realities of senior care *Dr. H. Lobprise*
2. Stop the day-to-day time suckers and start managing for the future *B. Halow, LVT, CVPM*
3. What to do with those challenging dermatology cases *Dr. R. Ghubash*
4. Mast cell tumors: The good, the bad, and the ugly *Dr. T. Fan and Dr. K. Wycislo*
5. Practice Management Happy Hour: Hiring, firing, and thriving in between *Dr. A. Roark and Dr. D. Nicol*
6. Chronic diarrhea in dogs and cats: A practical diagnostic approach *Dr. M. Leib*
7. The skinny on fat: Obesity *Dr. J. Bartges*

\$69.95**dvm360 FULL CIRCLE SD1534**

1. The angry client experience: When and where to say it
Dr. A. Roark and M. Pierson
2. The angry client experience: How to make it right
Dr. A. Roark and M. Pierson
3. The angry client experience: What to say and how to say it
Dr. A. Roark and M. Pierson
4. Dentistry: A team sport! Fumbles, penalties, or touchdowns?
Dr. H. Lobprise, B. Halow, LVT, CVPM, and V. Byard, CVT, VTS (Dentistry), CVJ
5. Catering to cats: Medicine, management, and money
Dr. E. Collieran, Dr. R. MacPete, and H. Prendergast, RVT, CVPM
6. The down-low on going slow: How low-stress patient handling benefits everyone *Dr. J. Berger, Dr. K. Felsted, and M. Spooner, LVT, VTS (Behavior), BS, KPA-CTP*

\$89.95**dvm360 LEADERSHIP CHALLENGE SD1535**

1. What's keeping you from loving your job? *P. Stewart, M. Valcarcel, and Dr. S. Wooten*
2. The evidence-based power of mindfulness in practice
Dr. S. Noonan
3. Vaccines for happiness: 10 tips to take home today for practice positivity *Dr. S. Noonan*

\$79.95**PRACTICE MANAGEMENT SD1536**

1. The case for emotional intelligence in practice
S. McVey, MA, MSW
2. Commando conversations: Becoming conflict-competent
S. McVey, MA, MSW
3. How to build a conflict-competent team *S. McVey, MA, MSW*
4. Leaders or managers: What's the difference?
S. McVey, MA, MSW
5. How to rally your associates to be practice leaders
S. McVey, MA, MSW
