

2016 CVC Kansas City Audio Recordings

Extend your educational experience from the convention and share the valuable content from CVC Audio Recordings with your team!

ANESTHESIA KC1601

1. Anesthetic emergencies, crises, and high-risk cases
Dr. R. Harvey
2. Clinical pain: How to prevent or manage it *Dr. R. Harvey*
3. Favorite techniques: Yours and mine, for restraint, sedation, and brief anesthesia *Dr. R. Harvey*
4. Highly successful techniques simply using local and regional anesthetics *Dr. R. Harvey*
5. Implementing the AAHA Anesthesia Guidelines for Dogs and Cats in your practice *Dr. R. Harvey*
6. New drugs and clinical techniques: What's working for your hospital *Dr. R. Harvey*
7. The big goal: Reducing fear, pain, and stress in veterinary patients *Dr. R. Harvey*

Retail=\$69.95

AVIAN MEDICINE KC1602

1. Avian 911: Managing the emergent sick bird *Dr. J. Whittington*
2. Bird basics: Tips and tricks for performing primary techniques *Dr. J. Whittington*
3. What's your diagnosis? Avian diagnostic test options and results interpretation *Dr. J. Whittington*

Retail=\$69.95

BEHAVIOR KC1603

1. Get lost! Stranger-directed aggression in cats
Dr. E. Christensen
2. Hit yourself with a newspaper: Practical treatment of house soiling by dogs *Dr. E. Christensen*
3. It's not you, it's me: Redirected aggression in cats and dogs
Dr. E. Christensen
4. Make it stop! Unruly behaviors and how vets, clients, and bad trainers accidentally make them worse
Dr. E. Christensen
5. Out the window: Multi-modal treatment options for thunderstorm phobia *Dr. E. Christensen*
6. Safe at home: Quick and practical tips for owner-directed aggression in cats and dogs *Dr. E. Christensen*
7. Trigger time! Medication options for situational anxiety, panic, and phobia *Dr. E. Christensen*
8. C'mon back kitties: How to increase your cat visits (and your bottom line) *Dr. E. Christensen*
9. Five easy pieces – how I treat them all *Dr. G. Landsberg*
10. Abnormal repetitive behavior: Circle, snap, and stare – oh my! *Dr. G. Landsberg*
11. Dementia in dogs and cats: Identifying it and improving senior pets' behavioral health *Dr. G. Landsberg*
12. Stress: Its effects on pet health and behavior
Dr. G. Landsberg
13. Happy cats and happy dogs = Happy vets, staff, and owners
Dr. G. Landsberg
14. Behavioral management of fear and aggression in your patients *Dr. G. Landsberg*
15. Do these fearful and aggressive dogs need drugs?
Dr. G. Landsberg and Dr. S. Denenberg (online collaborator)

Retail=\$69.95

BOVINE MEDICINE KC1604

1. Disaster preparedness for food-animal practitioners
Dr. C. Huston
2. Emerging food-animal diseases *Dr. C. Huston*
3. Evidence-based decision making for food-animal practitioners *Dr. C. Huston*
4. New drug laws for food-animal practitioners *Dr. C. Huston*
5. Practicing biosecurity *Dr. C. Huston*
6. The herd health calendar: Talking to clients *Dr. C. Huston*
7. Update on reproductive diseases: *Neospora* and trichomoniasis *Dr. C. Huston*
8. Where does beef and dairy quality assurance fit into your food-animal practice? *Dr. C. Huston*
9. Advanced diagnostic techniques in respiratory disease
Dr. P. Gibbons

10. Captivating cases in bovine medicine *Dr. P. Gibbons*
11. Show cattle medicine *Dr. P. Gibbons*
12. The latest updates from compelling food-animal papers
Dr. P. Gibbons
13. Using your ultrasound for more than reproduction: Abdominal and thoracic ultrasound *Dr. P. Gibbons*
14. When bloat is not simple *Dr. P. Gibbons*
15. Development of beef replacement heifers *Dr. J. Gilliam*
16. Diagnosing and managing vagal indigestion syndrome
Dr. J. Gilliam
17. Impact of vaccine choice on immunity and abortion risk (Part 1) *Dr. J. Gilliam*
18. Impact of vaccine choice on immunity and abortion risk (Part 2) *Dr. J. Gilliam*
19. Managing preputial injuries in bulls *Dr. J. Gilliam*
20. Practical analgesia in food animal practice (Part 1)
Dr. J. Gilliam
21. Practical analgesia in food animal practice (Part 2)
Dr. J. Gilliam
22. Production indices for evaluating beef cow performance
Dr. J. Gilliam
23. Research update on physical methods of bovine euthanasia
Dr. J. Gilliam
24. Bovine fracture repair *Dr. S. Brounts*
25. C-Section in cattle *Dr. S. Brounts*
26. Field anesthesia in cattle *Dr. S. Brounts*
27. Teat injuries in dairy cattle *Dr. S. Brounts*
28. Umbilical problems in calves *Dr. S. Brounts*
29. What's new in gastrointestinal tract surgery in cattle?
Dr. S. Brounts
30. Baby on board: Effects of poisons and medications on pregnancy and lactation *Dr. T. Evans*
31. Fescue toxicosis update *Dr. T. Evans*
32. How to identify cause of death when it is NOT the vaccine or the feed *Dr. T. Evans*

Retail=\$89.95

CANINE SPORTS MEDICINE AND REHABILITATION KC1605

1. Advanced soft tissue manual techniques *Dr. L. McCauley*
2. Enhance your musculoskeletal exam: Secrets to the special tests *Dr. L. McCauley*
3. Fun with assistive devices: What you need to know
Dr. L. McCauley
4. How to make an athlete more competitive without injury
Dr. L. McCauley
5. Introduction to soft tissue manual techniques *Dr. L. McCauley*
6. The secrets to working with working dogs *Dr. L. McCauley*

Retail=\$69.95

CARDIOLOGY KC1606

1. Cold paws, big heart: Treatment dilemmas in canine chronic valvular disease (Part 1): Treatment for symptomatic patients *Dr. S. Gordon*
2. Cold paws, big heart: Treatment dilemmas in canine chronic valvular disease (Part 2): What to do if the patient is asymptomatic *Dr. S. Gordon*
3. Cold paws, big heart: Treatment dilemmas in canine chronic valvular disease (Part 3): Case presentations *Dr. S. Gordon*
4. The ABCDs of feline heart disease: Where are we in 2016? (Part 1): Diagnosis *Dr. S. Gordon*
5. The ABCDs of feline heart disease: Where are we in 2016? (Part 2): Treatment *Dr. S. Gordon*
6. The ABCDs of feline heart disease: Where are we in 2016? (Part 3): Patient follow-up *Dr. S. Gordon*

Retail=\$69.95

CLINICAL PATHOLOGY KC1607

1. Big, bad bag of blood: Liver cytology *Dr. C. Thompson*
2. Blood, urine, pus, bile, chyle, water, cancer: Cytology of effusions *Dr. C. Thompson*
3. Cytology for every practitioner *Dr. C. Thompson*
4. The power of pee: Urinalysis, the forgotten fellow
Dr. C. Thompson
5. When to delve deep: Indications for and interpretation of bone marrow aspirates *Dr. C. Thompson*
6. When to panic: Red flags in clinical pathology *Dr. C. Thompson*
7. Monkey business: Patterns and algorithms in clinical pathology *Dr. C. Thompson*
8. Pitfalls! Top clinical pathology air balls *Dr. C. Thompson*

Retail=\$69.95

CLINICAL PHARMACOLOGY KC1608

1. Adverse drug reactions: Common and lesser known
Dr. M. Clark
2. Antibiotic review: What you wish you remembered or might never have learned in vet school *Dr. M. Clark*
3. Can I substitute? Ensuring your patients get the right drugs, in the clinic or at a human pharmacy *Dr. M. Clark*
4. Pepcid, Prilosec, and prokinetics: Evidence-based use of GI drugs *Dr. M. Clark*
5. Puppies, kittens, and drugs: What's safe for pediatrics?
Dr. M. Clark
6. Therapeutic drug monitoring: Good for your patients, good for your practice *Dr. M. Clark and Dr. K. Felsted*

Retail=\$69.95

CRITICAL CARE KC1609

1. AAKI in the ER: More than just diuresis *Dr. D. Clarke*
2. ER tales from the trenches *Dr. D. Clarke*
3. Fluid therapy controversies *Dr. D. Clarke*
4. Pneumonia in the ER and ICU *Dr. D. Clarke*
5. Time to intervene: Interventional radiology in critical care
Dr. D. Clarke
6. Too hot to handle: Management of the heat stroke patient
Dr. D. Clarke
7. Vascular access tips and tricks *Dr. D. Clarke*
8. Vasopressors: Which one? When? *Dr. D. Clarke*
9. What's new in tracheal collapse? *Dr. D. Clarke*
10. Common mistakes to avoid in the ER *Dr. J. Lee*
11. Emergency management and treatment of GDV *Dr. J. Lee*
12. Emergency management and treatment of patients with leptospirosis *Dr. J. Lee*
13. Parvovirus: What's new in pediatric critical care? *Dr. J. Lee*
14. Emergency critical care cases: How do we apply this?
Dr. J. Lee and Dr. L. Powell (online collaborator)
15. Technology tips and tricks for the efficient veterinary team
Dr. J. Lee and E. Garcia
16. Cardiogenic shock: Hold the fluids *Dr. N. Peterson*
17. CPR update: What is RECOVER? *Dr. N. Peterson*
18. Crotalid envenomation: Avoid being snake-bitten by snakebites *Dr. N. Peterson*
19. Dystocia: Is it time? *Dr. N. Peterson*
20. Hypernatremia: What to do with the salty dog
Dr. N. Peterson
21. Hyponatremia: Not enough salt? *Dr. N. Peterson*
22. Managing trauma patients: The first critical hour... and beyond *Dr. N. Peterson*
23. Rerefueling syndrome: When good food goes bad
Dr. N. Peterson
24. Resuscitation endpoints in critical care: It's not about the journey, it's about the destination *Dr. N. Peterson*

Retail=\$89.95

Listen and review at your leisure, share them with your staff, and add them to your reference library.

Audio recordings of most sessions are available.

DENTISTRY KC1610

- Advanced surgical extractions... going from simply awful to awfully simple *Dr. B. Greenfield*
- Bites gone wild: Identifying malocclusions in dogs *Dr. B. Greenfield*
- Knowing what's abnormal on dental radiographs in dogs and cats *Dr. B. Greenfield*
- Normal dental radiography... you must know this before knowing abnormal *Dr. B. Greenfield*
- Oral tumors 101: What you absolutely need to know *Dr. B. Greenfield*
- Updates on treating feline gingivostomatitis *Dr. B. Greenfield*
- Why "let's keep an eye on it" won't work anymore: Addressing fractured and discolored teeth *Dr. B. Greenfield*
- Why "dental" is a four-letter word: Periodontology for practitioners *Dr. B. Greenfield and Dr. K. Felsted*

Retail=\$69.95**DERMATOLOGY KC1611**

- A practical guide for talking to clients about autoimmune skin diseases *Dr. D. Dell*
- Canine atopic dermatitis: Integrating new therapies into your strategy *Dr. D. Dell*
- Clinical update on dermatophytosis: Better ways to fight the fungus among us *Dr. D. Dell*
- CPR for sewer ear: How to improve your outcome in otitis externa cases *Dr. D. Dell*
- Feline allergy: Beyond Depo-Medrol *Dr. D. Dell*
- How to win friends and influence people with topical therapy *Dr. D. Dell*
- Unusual doesn't mean uncommon: Skin diseases you don't want to miss *Dr. D. Dell*
- Cushing's disease in the derm world *Dr. A. Kirby*
- Demodex on the new frontier *Dr. A. Kirby*
- Fleas, fleas, and more fleas *Dr. A. Kirby*
- Itchy puppies *Dr. A. Kirby*
- New drugs in dermatology *Dr. A. Kirby*
- Pemphigus treatment and history *Dr. A. Kirby*
- Managing chronic otitis: The keys to getting started on the right foot *Dr. J. Noxon*
- Managing chronic otitis: Tips to maximize the value of your treatment *Dr. J. Noxon*
- Managing chronic otitis: Treating the difficult case and preventing recurrence *Dr. J. Noxon*

Retail=\$79.95**DVM360 FULL CIRCLE KC1612**

- Cancer and communication case studies *Dr. S. Ettinger and Dr. A. Roark*
- How not to break bad news *Dr. S. Ettinger and Dr. A. Roark*
- Technology tips and tricks for the efficient veterinary team *Dr. J. Lee and E. Garcia*
- "Because I'm the boss": How to end staff vs. management drama *Dr. A. Roark and M. Pierson*
- Technician/DVM conflict: Different jobs, same problems *Dr. A. Roark and M. Pierson*
- Why can't we be friends? Staff-on-staff drama *Dr. A. Roark and M. Pierson*

Retail=\$89.95**DVM360 LEADERSHIP CHALLENGE KC1613**

- Pet care hacks: Ideas to steal from the world's best veterinary practice managers *B. Conrad, CVPM*
- You can be ready for the future of veterinary medicine! Here's how *Dr. E. Ward*
- Pet owner 2.0: Caring for millennial clients *B. Howard, K. Reimer, P. Stewart, and M. Valcarcel*

Retail=\$69.95**ENDOCRINOLOGY KC1614**

- A look at old and new insulin formulations *Dr. C. Gilor*
- Diagnosing Addison's disease: New ideas, new challenges *Dr. C. Gilor*
- Diagnosing and treating feline hyperthyroidism *Dr. C. Gilor*
- Diagnosing hypercortisolism in dogs *Dr. C. Gilor*
- Feline idiopathic hypercalcemia *Dr. C. Gilor*
- Insulin resistance in cats *Dr. C. Gilor*
- Monitoring insulin therapy *Dr. C. Gilor*
- Revolutionizing diabetes therapy: GLP-1-based drugs *Dr. C. Gilor*

Retail=\$69.95**EQUINE MEDICINE KC1615**

- Advances in neonatal abdominal ultrasound *Dr. C. Navas de Solis*
- When should I use more than my stethoscope? Resting ECGs, exercising ECGs, Holters, or echocardiography *Dr. C. Navas de Solis*
- Which cardiac diseases can affect performance or make a horse less safe to ride? *Dr. C. Navas de Solis*
- Acute non-weight-bearing lameness *Dr. K. Epstein*
- Field evaluation of colic *Dr. K. Epstein*
- Field treatment of colic *Dr. K. Epstein*
- Fluids in the field: When, what, and how *Dr. K. Epstein*
- Respiratory distress: Emergency stabilization *Dr. K. Epstein*
- Shock: Classification and identification *Dr. K. Epstein*
- Wounds: Emergency evaluation *Dr. K. Epstein*
- Wounds: Emergency treatment *Dr. K. Epstein*
- Acute wounds: Case evaluations *Dr. L. Riggs*
- Acute wounds: When to worry *Dr. L. Riggs*
- Chronic wounds: New options for old wounds *Dr. L. Riggs*
- Colic in foals: Never too young *Dr. L. Riggs*
- Dealing with thoracic and abdominal trauma *Dr. L. Riggs*
- Exercising upper airway endoscopy: A game changer *Dr. L. Riggs*
- Sedation and local anesthesia for standing surgery *Dr. L. Riggs*
- Standing surgical procedures: No GA? No problem! *Dr. L. Riggs*
- Updates on treating upper airway disease *Dr. L. Riggs*

Retail=\$89.95**EVENING SESSIONS KC1644**

- Managing trauma patients: The first critical hour... and beyond *Dr. N. Peterson*
- A+ - Optimizing anesthesia and analgesia for exotic mammal patients *Dr. J. Whittington*
- Fear FreeSM low stress handling (in)action *Dr. J. Bloom*
- Management Happy Hour *Dr. A. Roark and B. Conrad, CVPM*
- A practical guide for talking to clients about autoimmune skin diseases *Dr. D. Dell*
- Anesthetic emergencies, crises, and high-risk cases *Dr. R. Harvey*

Retail=\$69.95**EXOTIC ANIMAL MEDICINE KC1616**

- A+ - Optimizing anesthesia and analgesia for exotic mammal patients *Dr. J. Whittington*
- Emergency assessment and critical care of exotic herbivores *Dr. J. Whittington*
- Ferret endocrinology: What's new in the world of hormones *Dr. J. Whittington*
- Optimizing antibiotic therapy and efficacy for exotic animals *Dr. J. Whittington*
- Staying outside the box: Strategies for managing unusual exotic pets *Dr. J. Whittington*
- Supplemental nutrition: The why, when, and how for using assisted feeding strategies in avian and exotic pets *Dr. J. Whittington*

Retail=\$69.95**EXPERT²: THE POWER OF INTERACTION KC1617**

- Monkey business: Patterns and algorithms in clinical pathology *Dr. C. Thompson*
- Pitfalls! Top clinical pathology air balls *Dr. C. Thompson*
- Resuscitation endpoints in critical care: It's not about the journey, it's about the destination *Dr. N. Peterson*
- Emerging modalities in the treatment of pain *Dr. J. Huntingford*
- Myofascial pain: What's all the buzz? *Dr. J. Huntingford*
- Pain in cats: An integrative approach *Dr. J. Huntingford*

Retail=\$69.95**FARM ANIMAL VS. COMPANION ANIMAL CARE KC1618**

- How do veterinary professionals decide "What's best for the animal?" *Dr. T. Wolff*

Retail=\$69.95**FELINE MEDICINE KC1619**

- Enriching cat lives: Home environments as therapeutic components *Dr. E. Collieran*
- Pandora syndrome: More than FIC *Dr. E. Collieran*
- Preventing the preventable: Update on feline heartworm and other parasites *Dr. E. Collieran*
- Skinny old cats: Is it really just old age? *Dr. E. Collieran*
- Spreading the word: Messaging, social media, and reaching cat clients *Dr. E. Collieran*
- CRIs for cats: Yes you can! *Dr. R. Downing*
- Finding feline pain where it lives: Perfecting your pain palpation plan *Dr. R. Downing*
- Pain and fear in felines: Linked more often than you think *Dr. R. Downing*
- Pharma and feline pain: Making the best choices *Dr. R. Downing*
- They don't deserve to hurt: The fundamentals of feline pain *Dr. R. Downing*
- Building and charging for a pain treatment pyramid for cats *Dr. R. Downing and Dr. K. Felsted*
- Feline-friendly handling: The lightest touch is the strongest hold *Dr. K. St. Denis*
- The senior cat: Managing quality of life *Dr. K. St. Denis*
- The senior cat: What to expect when they're aging *Dr. K. St. Denis*
- The vomiting cat: A quirky feline trait or a sign of disease? *Dr. K. St. Denis*
- The vomiting cat: From diet to dexamethasone - making therapeutic decisions *Dr. K. St. Denis*
- The vomiting cat: Working your way to a diagnosis *Dr. K. St. Denis*

Retail=\$79.95**GASTROINTESTINAL MEDICINE KC1620**

- Beyond the bloodwork: Diagnostics for liver disease *Dr. S. Owens*
- Colorectal disease in dogs *Dr. S. Owens*
- Diagnosing and treating canine pancreatitis *Dr. S. Owens*
- Diagnostic approach to canine chronic enteropathy *Dr. S. Owens*
- It's just a gallbladder... What could go wrong? *Dr. S. Owens*
- Managing PLE in dogs *Dr. S. Owens*
- Pancreatic diseases in the cat: The common and not so common *Dr. S. Owens*
- Think inside the box: Feline diarrhea *Dr. S. Owens*
- Your guide to the vomiting dog *Dr. S. Owens*
- Diagnosing and managing pancreatitis in the era of PLI *Dr. C. Ruaux*
- Exocrine pancreatic insufficiency: An old friend with some new tricks *Dr. C. Ruaux*
- Finiqy feline: Pancreatitis in cats *Dr. C. Ruaux*
- IBD, FRD, SIBO... WTH? Rational management of chronic GI disease *Dr. C. Ruaux*
- Let's just monitor it: The pitfalls and problems with serial serum chemistries *Dr. C. Ruaux*
- Protein-losing enteropathies: The black diamond cases *Dr. C. Ruaux*
- Recognizing, testing, and treating protozoal GI tract infections *Dr. C. Ruaux*
- The "GI Panel": Use, abuse, and interpretation *Dr. C. Ruaux*

Retail=\$79.95**HEMATOLOGY WORKSHOP KC1621**

- Practical approach to the diagnosis of anemia *Dr. M. A. Thrall and Dr. H. Ward*
- Canine anemia case challenge *Dr. M. A. Thrall and Dr. H. Ward*
- Feline anemia case challenge *Dr. M. A. Thrall and Dr. H. Ward*

Retail=\$69.95**IN THIS CASE: REAL DISCUSSIONS; REAL RESULTS KC1622**

- Breathing is fundamental: Keep an eagle eye on CO₂ to make life in surgery easier *Dr. A. Claude and Dr. J. Wardlaw*
- Do these fearful and aggressive dogs need drugs? *Dr. G. Landsberg and Dr. S. Denenberg (online collaborator)*
- Emergency critical care cases: How do we apply this? *Dr. J. Lee and Dr. L. Powell (online collaborator)*

Retail=\$69.95

LEARN THEN EARN KC1645

1. Never fear, low-stress is here! How to cash in on calmness *Dr. J. Bloom and Dr. K. Felsted*
2. C'mon back kitties: How to increase your cat visits (and your bottom line) *Dr. E. Christensen*
3. Therapeutic drug monitoring: Good for your patients, good for your practice *Dr. M. Clark and Dr. K. Felsted*
4. Building and charging for a pain treatment pyramid for cats *Dr. R. Downing and Dr. K. Felsted*
5. It's a cruciate rupture, and surgery is not an option. Now what? *Dr. D. Dycus and Dr. K. Felsted*
6. Why "dental" is a four-letter word: Periodontology for practitioners *Dr. B. Greenfield and Dr. K. Felsted*

Retail=\$89.95

LOW-STRESS, PET-FRIENDLY PRACTICE KC1623

1. Apples & oranges: Significant differences between Fear FreeSM and "fearful" veterinary practices *Dr. M. Becker*
Fear FreeSM practice: With it, you'll thrive – without it, you may not survive *Dr. M. Becker*
2. The top 10 ways to get started with Fear FreeSM practice *Dr. M. Becker*
3. Lead the way! Use client education to show your community how your behavior- and training-friendly practice enhances pets' emotional well-being *M. Becker, CPDT*
4. Fear FreeSM handling (injection) *Dr. J. Bloom*
5. Fear FreeSM handling – thank you for coming, have a nice stay! *Dr. J. Bloom*
6. Never fear, low-stress is here! How to cash in on calmness *Dr. J. Bloom and Dr. K. Felsted*
7. The big goal: Reducing fear, pain, and stress in veterinary patients *Dr. R. Harvey*
8. Behavioral management of fear and aggression in your patients *Dr. G. Landsberg*
9. Happy cats and happy dogs = Happy vets, staff, and owners *Dr. G. Landsberg*

Retail=\$69.95

NEUROLOGY KC1624

1. A pain in the neck: A practical approach to cervical disease *Dr. F. Winingar*
2. Bump on the head: Current concepts in head trauma *Dr. F. Winingar*
3. Dizzy yet? Managing vestibular disease *Dr. F. Winingar*
4. Down in the back: A practical approach to patients with thoracolumbar disease *Dr. F. Winingar*
5. It's game time: Lesion localization *Dr. F. Winingar*
6. Seizures: Anything new? *Dr. F. Winingar*

Retail=\$69.95

NUTRITION KC1625

1. A systematic approach to nutritional management of gastrointestinal disease *Dr. M. Cline*
2. Feeding patients that have chronic kidney disease: The controversy and lessons from the literature *Dr. M. Cline*
3. Formulating a plan for feeding hospitalized patients *Dr. M. Cline*
4. Nutritional management of calcium oxalate urolithiasis *Dr. M. Cline*
5. Obesity and (pick your disease!): Managing obesity and concurrent disease in pets *Dr. M. Cline*
6. Raw food diets: Is there evidence to support their use? *Dr. M. Cline*

Retail=\$69.95

ONCOLOGY KC1626

1. Canine lymphoma: Review and what's new *Dr. S. Ettinger*
2. Feline GI lymphoma: High-grade, low-grade vs. IBD *Dr. S. Ettinger*
3. How to talk to clients about cancer: Things you didn't learn in vet school *Dr. S. Ettinger*
4. My top tips for managing cancer patients in your practice *Dr. S. Ettinger*
5. Treating advanced cancer like a chronic disease: Use of metronomic chemotherapy for metastatic cancer *Dr. S. Ettinger*
6. What to do with lumps and bumps: See something, do something. Why wait? Aspirate! *Dr. S. Ettinger*

7. Cancer and communication case studies *Dr. S. Ettinger and Dr. A. Roark*
8. How not to break bad news *Dr. S. Ettinger and Dr. A. Roark*

Retail=\$69.95

OPHTHALMOLOGY KC1627

1. The eyes: Window to the body – Ocular manifestations of systemic disease *Dr. H. Kaese*
2. Ocular pharmacology: What to use when *Dr. H. Kaese*
3. Canine and feline eyelid tumors *Dr. H. Kaese*
4. Treatment of ulcerative keratitis *Dr. E. Gunderson*
5. Treatment of nonulcerative keratitis *Dr. E. Gunderson*
6. The complexities of treating canine keratoconjunctivitis sicca *Dr. E. Gunderson*
7. Cataracts: More than meets the eye *Dr. R. Munger*
8. Glaucoma: New insights into an old problem *Dr. R. Munger*
9. Problem corneas: When ulcers won't heal *Dr. R. Munger*

Retail=\$69.95

ORTHOPEDICS KC1628

1. A surgeon's perspective on current trends for managing osteoarthritis *Dr. D. Dycus*
2. Diagnosing fractures and choosing a fixation technique *Dr. D. Dycus*
3. Fixation techniques for patella luxations *Dr. D. Dycus*
4. Hip dysplasia: Treatment from the young to the old *Dr. D. Dycus*
5. It's a puppy, what could possibly go wrong? Developmental orthopedic conditions *Dr. D. Dycus*
6. It's a cruciate rupture, and surgery is not an option. Now what? *Dr. D. Dycus and Dr. K. Felsted*

Retail=\$69.95

PAIN MANAGEMENT KC1629

1. Managing the pain of osteoarthritis in dogs and cats *Dr. J. Huntingford*
2. Nonpharmaceutical treatment of osteoarthritis: Rehabilitation, acupuncture, and more *Dr. J. Huntingford*
3. Osteoarthritis in dogs and cats: Why it is so important to know what's going on in there *Dr. J. Huntingford*
4. Emerging modalities in the treatment of pain *Dr. J. Huntingford*
5. Myofascial pain: What's all the buzz? *Dr. J. Huntingford*
6. Pain in cats: An integrative approach *Dr. J. Huntingford*

Retail=\$69.95

PARASITOLOGY KC1630

1. A parasite paradox: You say you aren't seeing tapeworms *Dr. B. Blagburn*
2. Emerging parasites and parasitic diseases *Dr. B. Blagburn*
3. How to design successful flea control strategies in a busy product market *Dr. B. Blagburn*
4. Diagnosing, treating, and preventing canine leptospirosis *Dr. E. DeBess*
5. Disease and infection prevention practices: Is your clinic up to snuff? *Dr. E. DeBess*
6. Parasite prevalence in off-leash dog parks *Dr. E. DeBess*
7. Controlling intestinal parasites from a public health perspective *Dr. M. Dryden*
8. Heartworm: Why is prevention better than treatment? *Dr. M. Dryden*
9. Latest advances in oral therapies for flea and tick control *Dr. M. Dryden*

Retail=\$69.95

SHELTER MEDICINE KC1631

1. 2016 revisions to the Veterinary Medical Care Guidelines for Spay-Neuter Programs: Patient care and clinical procedures; preoperative care and anesthesia *Dr. P. Bushby*
2. 2016 revisions to the Veterinary Medical Care Guidelines for Spay-Neuter Programs: Surgical and postoperative care; operations management *Dr. P. Bushby*
3. Safe, efficient spay-neuter techniques used by shelter DVMS (and general practice DVMS): Discussion and video demonstrations *Dr. P. Bushby*
4. It's not "just a cold": Feline URI management in shelters *Dr. A. Dykstra*

5. Sheltering starts when they enter the door: How to implement a health intake protocol *Dr. A. Dykstra*
6. What is titrating all about: A simple approach to managing outbreaks *Dr. A. Dykstra*

Retail=\$69.95

SMALL RUMINANT MEDICINE KC1632

1. Evaluating the thin small ruminant *Dr. K. Still Brooks*
2. GI parasite control *Dr. K. Still Brooks*
3. Managing meningeal worms *Dr. K. Still Brooks*
4. Questions on Q fever *Dr. K. Still Brooks*
5. Small ruminant cases for pet practitioners *Dr. K. Still Brooks*

Retail=\$69.95

SOFT TISSUE SURGERY, ANESTHESIA, AND PERIOPERATIVE ANALGESIA KC1633

1. Bracing for surgery? What to consider BEFORE you cut (or refer) a cruciate case *Dr. A. Claude and Dr. J. Wardlaw*
2. No guts, no glory: Essential GI surgeries and patient observations *Dr. A. Claude and Dr. J. Wardlaw*
3. Surgical superheroes: A perioperative-staff powerhouse creates a sharper practice *Dr. A. Claude and Dr. J. Wardlaw*
4. When's it gonna end?! Immediate (and beyond!) postsurgical monitoring *Dr. A. Claude and Dr. J. Wardlaw*
5. Young, healthy surgical patients – what could go wrong?! *Dr. A. Claude and Dr. J. Wardlaw*
